FOREWORD

As we come to an important turning point in our lives—graduation from high school—we pause to record some of the outstanding events of this school year, 1946-47.

In the following pages you will see a glimpse of the real story of our year with its class activities, clubs, athletics, and personalities.

In the days to come we can turn these pages and, at a glance, recall the happy memories of these days. Therefore, these pages bear the charm of a good story teller who enchants his audience with what it most wants to hear, or the fine technique of an artist who portrays the same picture in many different ways to those who look at it. Each of us will see and read into this legend just what we most desire to remember.

DEDICATION

We are a Senior Class who remembers little of world affairs except armed warfare, chaos, world disorder, unrest, and finally the challenging adjustments of peace. Through these turmoils, we have been guided and inspired by the character and influence of one person. This is a man of far vision and true worth who has kept an even keel in these troublesome times and given us hope when we were in the depths of despondency. He met the needs and demands of a wartime educational program in our school in more than an adequate manner, and he is giving us the offerings today that enable us to face the problems of peace with alertness.

He has made our high school days inspirational, meaningful, and filled with pleasant lingering memories. He is not only a scholar and gentleman of the old school, but he is a jolly good fellow.

Without the inspiration of such a person, our high school would not be complete. Therefore, we, the Senior Class of Randolph-Henry High School, dedicate this, the third edition of "THE LOG," to our friend, Mr. Robert Willis Bobbitt, Division Superintendent of Public Instruction.

IN MEMORIAM

As a token of our profound esteem and in recognition of her untiring devotion to Randolph-Henry, we dedicate this space to the memory of Mrs. Elizabeth Lee Priddy—a truly great teacher.

Mrs. Priddy was a real scholar, but scholarship alone does not make a great teacher. There must be rich spiritual life together with the ability to share with others to make the great teacher. A really great teacher must have the ability to fan into a glow the waning spark of ambition and to cause boys and girls to want to be worthwhile in life. We shall ever be grateful to her for implanting within us higher ideals, a deeper sense of self-respect, and greater self-reliance.

VIRGINIA KING

AUDITORIUM ENTRANCE

Bottom Row: June Trent, Jimmy Guthrie, Brantley Jefferson, John Maloney
 Top Row: Mrs. Lawson, Mr. Sinclair, Mrs. Birkland

Officers of the Senior Class

In any group there are a few individuals who stand out above the others. On these the task of leading the group rests. The senior class of '47 chose the following students as officers for the year and they have proved themselves worthy in every way:

Brantley Jefferson, President; June Trent, Vice-President; Jane Rice, Secretary; Jimmy Guthrie, Treasurer; and John Maloney, Reporter.

The sponsors of the class Mrs. Frances Lawson and Mrs. Laura Nell Birkland with the principal Mr. T. R. Sinclair have been invaluable in their kindness, patience and much needed guidance.

MOTTO

"Give the best to the world and the best will come back to you."

I believe in Randolph-Henry as a democratic school, a school where freedom, equality and tolerance flourish.

I believe in the development of special talents and growth in character, for which opportunities are given in Randolph-Henry.

I believe that Randolph-Henry will make me a better citizen in my home, in my school, and in my country.

I believe that the highest standards of honor, integrity and loyalty to the school are being set for us in Randolph-Henry and will prevail throughout the student body.

I believe that every member of the student body and faculty realizes that Randolph-Henry deserves the best of his endeavor.

I believe that the honor of the students and the faculty will stand forever.

I have faith in Randolph-Henry.

THE ANNUAL STAFF

Early in the year the Senior Planning Board elected the above students to responsible positions on the Staff of THE LOG. This does not mean that these people above have done all the work.

Miss Eleanor Berger and her literary staff have worked untiringly to make this a worth while annual.

Miss Sadie Cobb and her staff have made possible the many features as well as the girls' sports pages in THE LOG.

Miss Mary Ellen Petty and the art department have contributed much time and work to the beauty of this edition.

Mr. H. C. Wilhelm and the business staff have worked day and night soliciting ads to give us a bigger and better annual in 1947.

JOURNALISM CLUB

This Club has been an indispensable part of the *Statesmen* for three years. The members distribute the *Statesmen*, are responsible for mailing to subscribers and advertisers, as well as the Exchange. They also work with the advertising staff to help finance the paper. When time permits, they study phases of Journalism. Therefore, the staff for the next sessions is chosen largely from the Club because of their experience.

THE STATESMEN

The first *Statesmen* carries on it: Vol. 1, No. 1, December, 1939; the second is dated February 29, 1940; and the third, March 30, 1940. Later, it expired, to be brought to life in October, 1944, since which time it has appeared regularly, ten times during each session. It has at last become an acknowledged part of the school, and can with pride stand beside any high school paper in the state. It is an honor to be offered a place on its staff.

PRESS CLUB

The Press Club is a new organization this year; it is composed of all the home room reporters and all club and organization reporters. This new phase of the work is in its infancy, but has indications of rapid growth and development in the future, and should furnish material for future staffs, journalism classes, and clubs.

PATRIOTS

This is the name chosen for the school's literary magazine, after weeks of deliberation and consultation with officials and county historians. The first copy is dated December, 1946; however, all plans were made for it to come out in May, 1946. Students and the public generally have expressed great pride in this new publication.

QUILL AND SCROLL

The Powell Glass Chapter of the Quill and Scroll was organized in 1945 with six members. Eight were added in 1946, and three this year have received that honor for the first semester. To be awarded membership in this international honorary society, a high school student must be a junior or senior, must rank in the upper third of his class scholastically, and must have to his credit a superior piece of work in some phase of journalistic or creative endeavor.

RANDOLPH-HENRY'S SWEETHEARTS

Electing our sweethearts has become a most popular annual contest, the proceeds helping to finance the *Statesmen*. The three pairs have been: 1944-'45, Beth Crymes and Lucille Blanks; 1945-'46, Dot Crymes and Barbara Perdue; 1946-'47, June Trent and Sara Sublett.

Mrs. A. W. H. Jones is adviser for the two publications and sponsors the above clubs and organizations.

JOURNALISM—PLEASURE AND PROFIT

The six preceding pages picture some of the activities of the journalism department, which are numerous and varied. The responsibilities carry with them privileges also. Journalism means more than writing of news, expression of opinion on public affairs, and the furnishing of entertainment through special articles and cartoons. It is opening up fields hitherto unthought of; it is preparing to appreciate the service given by magazines, newspapers, business papers, digests, house publications, etc.

The study of journalism and the work on the school publications can lead to many things: it reveals talents; it may lead to a position on radio or in advertising, both high-salaried positions. Some of the best-paid positions come through journalism, which includes news writing, reporting, history, editorial writing, law of the press, graphic arts, photography, and editing.

A student should consider it a privilege and opportunity to register for a journalism class. Success in journalism requires hard work; it is not a "crip" course. It involves routine assignment and constant work; but along with this goes much drama, some adventure, and some glory. TRY IT.

Membership of this club is limited to students who have had Home Economics for one year or are enrolled in a class for the current year. The club is affiliated with the state and national organizations which give us the privilege to attend the F. F. A.-F. H. A. Camp each summer at Margot Beach and to attend the State Convention. Through the district and state meetings we get interesting, new and worthwhile ideas for our regular monthly meeting.

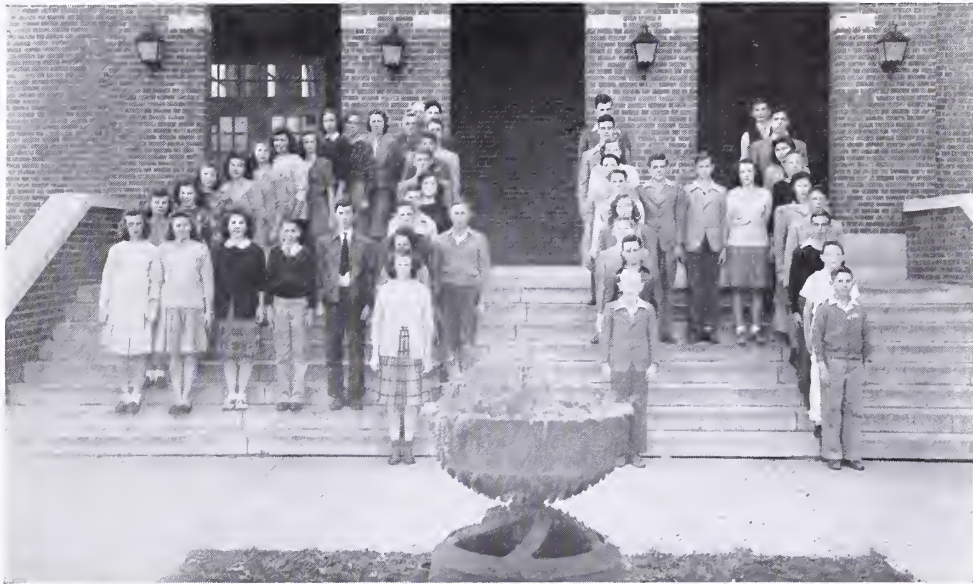

Our two outstanding events of the year were the district Federation meeting held last fall and annual open House in the spring.

FUTURE FARMERS OF AMERICA

The Future Farmers of America, Or "F. F. A." as it is commonly known, is the national organization of, by and for boys studying vocational agriculture in high school under provisions of the National Vocational Education Acts. The foundation upon which the F. F. A. organization is built, includes leadership and character development, sportsmanship, cooperation, service, thrift, scholarship, improved agriculture, organized recreation, citizenship and patriotism.

SENIOR PLANNING BOARD

The Senior Planning Board, with the approval of the senior class, under the guidance of the class sponsors, Mrs. Birkland, Mrs. Lawson, and Mr. Anderson, plan the activities of the class for the entire year.

The first outstanding project presented this year by the group was a public forum during American Education Week, the topic being "Education for the Atomic Age." This took many hours of careful research and preparation, but the reception by the audience repayed them in full.

Perhaps the greatest responsibility of this group is the selection of the staff for the year book that will depict the happy scenes at Randolph-Henry as you would like to remember them.

The Planning Board hopes that you will believe this aim achieved and will always cherish, "THE LOG of '47."

DANVILLE VIRGINIA

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING. Once editor, once compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolical of a great profession, gets into your heart and soul. School Annuals, Magazines, Newspapers and Special Printing, all smack of it. It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed an enormous industrial vitality, and whichever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.

Years of experience have taught us! Printing Pays Us Only When It Pays You!
